SALE OF LOTS A SUCCESS.

Sixty Lots Brought More
Than \$6,000 In
Aggregate.

FINE SPECIAL FEATURE.

L. W. Means Wins Footrace
With Ed D. Jones a
Close Second.

Fifteen or eighteen hundred peo-
ple attended the public sale of lots
which were put on the market last
Tuesday by McPherson, Fowler and
J. T. Hanbery. No sale has ever
been made here that was so well ad-
vertised as this. The Fitz Simmons
Auction Co. certainly understands
its business. They know the virtue
of printer's ink and made free use
of it. There were sixty lots sold at
an average of over one hundred
dollars. The prices were satisfac-
tory to the sellers and many of them
will be improved in a short time.

The auctioneer, Col. W. W. Bishop,
kept the crowd in a good
humor while he squeezed their
pocket books. Altogether the sale
was a decided success.

The music by the local band was a
highly enjoyable feature while the
baby show interested the ladies.
Mrs. Fred T. Harned's baby captured
the first prize, \$10, the second
prize, \$5, was carried off by the
child of Mrs. Jas. Quarles, while the
third prize was awarded to the baby
of Mrs. F. J. Simmons. The drawing
for cash prizes resulted in G. L.
Mitchell getting \$17.50; G. H. Boyd
\$7.50, and Arthur Courtney \$5; L.
W. Means won first prize in the old
men's foot race, \$10; E. D. Jones
second, \$5, and John P. Pool third,
\$2.50. There were ten entries.

IN ONE NIGHT

Waterbury, Conn., July 12.—
When the superior court convened
here Saturday with Judge George
W. Wheeler on the bench to hear
arguments on a motion to release
Morris Dobkin from jail, a stir was
created by the announcement by
Dobkin's lawyer that his client's
hair had turned white.

The shock of being convicted of
stealing was so great, said the law-
yer, that Dobkin's hair, black as
coal when incarcerated, turned white
as snow before the next morning.

At the New Haven jail, where
Dobkin is confined, the phenomenon
is causing no end of wonder.

MORE LAND SALES.

Several Real Estate Deals
in Newstead Vicinity.

In our last issue we noted the sale
of the McKee place at Newstead to
Mr. A. M. Henry, a fine farm of
250 acres. Several other land sales
were made this week in the same
neighborhood. Mr. A. M. Henry
sold two tracts of land. One of 180
acres, a part of the E. F. Morris
place, was sold to M. T. Carter for
\$4,000. Also a tract of 93 acres was
sold to R. H. McGaughey for \$4,000.
Mr. McGaughey in turn sold the
Kinkead place of 240 acres to Ben
McGee for \$6,500. The various
transactions aggregated more than
\$20,000.

PLACE SELECTED.

Portsmouth, N. H., Will Be
the Seat of Negotiations

Washington, July 10.—It is officially
announced that Portsmouth, N. H.,
will be the seat of the peace negotia-
tions after the commission is organ-
ized and leaves Washington.

Woodmen's Picic.

The Woodmen, with their wives,
children and friends went out to the
woods along the river back of Walter
Cook's farm, yesterday morning for
a day's outing.

DEMAND FOR UNION DEPOT.

Belt Line Brings Attention
to Another
Need.

CHANGE AT I. C. DEPOT.

Tennessee Central Trains to
Have Better Terminal
Facilities.

A much needed change for trans-
ferring passengers from T. C. trains
to those of the I. C. is soon to be
made. Owing to track conditions,
people who come into the city over
the I. C. road, after leaving their
train have to pass over the platform
of the waiting I. C. before taking a
carriage or walking up into the city.
This is, of course, very inconvenient.
We are glad to say that one of the
tracks is to be taken out and an
arrangement made so that both
trains can run up to the platform
for the convenience of passengers
getting on or off. The traveling
public will delight in any change for
the better.

We heard this question asked the
other day, "Are we ever to have a
central station?" This is a question
that only railroad managers can
answer, but the great need of one is
obvious to everybody. It sometimes
requires hustling to get from one
road to the other to make "connec-
tions." A man comes in on the
9:45 L. & N. and wants to take the
11:20 I. C. This gives him ample
time to go from one train to another,
and it is all right in good weather,
but how about the snowing, blowing
and freezing of winter?

The belt line road may be con-
sidered an assured thing, which
will bring about the physical con-
nection of the two—or rather three
—roads. This will be a great con-
venience to local shippers and be in
keeping with the progressive spirit
pervading this community and rail-
road officials of the three different
roads.

It seems to us that it is about up
to somebody to make an initial
movement toward getting the rail-
road officials to agree to build a
union passenger station—something
up-to-date, like the one at Hender-
son. The business and population of
Hopkinsville need it. If we had a
live commercial club what a fine
thing it would be for it to go to
work on.

As an evidence that the L. & N.
is not afraid to spend its money on
improvements in Hopkinsville, look
at the splendid freight depot now
nearing completion. There is
scarcely a doubt that the proper
persons of the three roads running
into the city would favorably con-
sider any proposition that our peo-
ple might lay before them. One
thing is certain, nothing could be
lost by the effort.

THE WEED.

No Let-up In Receipts, And
Sales Are Heavy.

Tobacco continues to come in at a
lively rate and sales are heavy, both
on the breaks and the loose floor.
Quotations are unchanged, well
ordered tobacco commanding full
figures. The sorts sold were mostly
common to medium leaf and lugs.
The market is steady, with a de-
mand for all grades. Sales on the
loose floor on Tuesday were fully as
large as those of last week and hogs-
head sales yesterday were good.
There will be another sale of the
loose weed to-day.

Holland's Funeral.

Rev. B. J. Garrett, spiritual ad-

of Kentucky.

CUPID CAPTURES

Another Teacher of the City
Public Schools.

Miss Willie Ray Jackson, one of
the teachers in the public schools of
the city, was married Tuesday even-
ing at her home in this city, to Mr.
Virgil E. Watson, of Paris, Tenn.
The groom is a flagman on the Hop-
kinsville and Nashville accommoda-
tion train. The ceremony was pro-
nounced by Rev. Mr. Watson, father
of the groom. The young couple
left yesterday on a short visit to
Paris, Tenn.

CANNERY STARTS.

Ready For Business In Ripe
Tomatoes.

The Hopkinsville Canning Com-
pany will start its machinery to-day
and is now ready to receive ripe to-
matoes for canning. Don't let your
tomatoes rot on the vines, but turn
them into money.

Not Room Enough.

Mr. J. H. Skarry, the jeweler on
Ninth, near Main, is increasing the
size of his storeroom. His business
has grown gradually since he began
business about two years since and
he finds it necessary to take in more
room.

STRANGE NEGRO

In Danger of Lynching at
Central City.

Central City, Ky., July 10.—An
attempted assault upon the wife of
the Rev. William Woodson by a
strange negro on a farm near here
this afternoon has aroused the
people of the surrounding district to
such an extent that a lynching is
feared should the mob succeed in
locating the negro, who was arrest-
ed here, taken to Greenville and
later removed to the jail at Madison-
ville.

GETTING READY

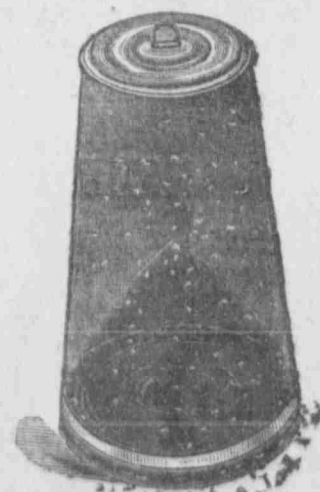

For Business the First of
Next Month.

The Hopkinsville Grocery Co.,
which opens for business in the
Opera House building August 1st, is
having every necessary change made
and everything will be clean and
bright in a few days.

The Rains

Still continue, the wheat keeps on
sprouting, hay crops can't be mowed
and grass is taking the corn—and
what will "the poor farmer" do?

The Weather.

Washington, D. C., July 12.—For
Kentucky: Generally fair and mod-
erately warm Thursday.

Emmett Peggs is a clerk in the
Louisville Hotel. It is probably a
part of his duty to show the guests
where to hang their hats.

The State Board of Equalization
increased the assessments in the
state to \$544,489,095, on which the
state will collect \$3,222,445.

Caleb Powers has been taken to
the Newport, Ky. jail to await the
final appeal of his case by the Su-
preme Court of the United States.

High-heeled shoes caused Mrs.
Lottie Wilson to trip and fall to the
pavement in San Francisco, with the
result that her left leg was broken
just above the ankle.

Maj. Gen. Count Shouvaloff, pre-
fect of police in Moscow, while re-
ceiving petitions, was fired upon by
an assassin, who caused him to
shuffle off the "mortal coil." The
murderer was arrested.

Mayor Helmbold, of Newport, ap-
peared at the jail when Caleb Powers
arrived, and objected so strenuously
to the luxurious quarters fitted up
for Powers by his Republican friends
that he was assaulted by one of the
guards, who struck him in the mouth,
knocking out two teeth. The Mayor
then had several jail officials arrest-
ed for assault and they in turn had
him arrested for interfering with a
federal officer. All are under bond.

Addison R. Smith has been elected
third vice president of the Louisville
and Nashville railroad, with head-
quarters in Louisville. Mr. Smith is
the present general freight agent of
the Atlantic and West Point and
Western railways, with headquarters
in Montgomery, Ala. He is a son of
Mr. Horace F. Smith, and a nephew
of President Milton H. Smith, of the
L. & N.

John Sacra, one of the four white
men accused of assaulting the young
daughter of a mover named Gladder,
near Russellville, has been tried and
given the death sentence. Sacra is
a married man who has heretofore
borne a good reputation. One of
the men not yet tried is Guy Lyon,
who is said to be Guy Reynolds, who
turned state's evidence in the R. H.
Coffey murder case and escaped
punishment.

The Department of Agriculture, at
Washington, has collected evidence
against several railroad companies
doing business in Kentucky, with a
view to bringing prosecutions for
violations of the law requiring live-
stock to be fed, watered and rested
in transit. The evidence has been
gathered secretly by the inspectors
of the Bureau of Animal Industry.
It will be turned over to the Depart-
ment of Justice, which has charge
of the machinery of federal indict-
ments and prosecutions. The pen-
alty is from \$100 to \$500 fine for
each shipment made in violation of
statute.

There is more catarrh in this sec-
tion of the country than all other
diseases put together, and until the
last few years was supposed to be
incurable. For a great many years
doctors pronounced it a local disease
and prescribed local remedies, and
by constantly failing to cure with
local treatment, pronounced it in-
curable. Science has proven cat-
arrh to be a constitutional disease
and therefore requires constitutional
treatment. Hall's Catarrh Cure,
manufactured by F. J. Cheney &
Co., Toledo, O., is the only constitu-
tional cure on the market. It is
taken internally in doses from 10
drops to a teaspoonful. It acts di-
rectly on the blood and mucous
surfaces of the system. They offer one
hundred dollars for any case it fails
to cure. Send for circulars and tes-
timonials.

A Bad Stomach

Lessens the usefulness and mars the hap-
piness of life.

It's a weak stomach, a stomach that can
not properly perform its functions.
Among its symptoms are distress after
eating, nausea between meals, heartburn,
belching, vomiting, flatulence and nervous
headache.

Hood's Sarsaparilla

Cures a bad stomach, indigestion and dys-
pepsia, and the cure is permanent.
Accept no substitute.

Miss Julia Knox Wheeler, daugh-
ter of Gen. Joseph Wheeler, will be
married to William J. Harris, a
prominent insurance man of Geor-
gia, July 27. The ceremony will be
solemnized quietly by Rev. Ernest
M. Stires in St. Thomas church,
New York.

WIRES CROSSED

Between Cumberland Tele-
phone Company and City
of Paducah.

Paducah, Ky., July 12.—The Cum-
berland Telephone Company and the
city of Paducah are at logger-heads
and the telephone company will have
to get a franchise or get out of Pa-
ducah, according to Mayor Yeiser's
statement. The Cumberland Com-
pany has been operating without a
franchise, claiming a grant given it
years ago, but the Mayor and the
Council think the company is violat-
ing the law and say they will eject it
from the city unless it gets a fran-
chise. A franchise, created pre-
sumably for the Cumberland Com-
pany was sold, but the company re-
fused to bid and the franchise went
to the Morganfield Telephone Co.

ICE CREAM

Supper for Benefit of School
House Repairs.

An ice cream supper will be given
at Laytonville Aug. 12, under the
auspices of the Laytonville Bible
Class. There will be speeches and
music and a general good time is in
store for those who attend. The
proceeds from the sale of cream will
be used for making some much
needed repairs on the Laytonville
school house.

Elaborate preparations are being
made to entertain the visitors. The
Hopkinsville brass band will play
and there will also be other musical
specialties.

Both religious and political speech-
es will be delivered. No admission.
All welcome.

SERIES OF MEETINGS

At Vaughan's Chapel Con-
ducted by Rev. W. F.
Cashman.

A series of meetings has been in
progress this week at Vaughan's
chapel, on the Butler road, a short
drive from the city. Rev. W. F.
Cashman, who is doing the preaching,
is one of the most earnest and faith-
ful ministers of the Methodist church
in this section, and is doing a great
work here. It is to be regretted
that his stay here is to last only un-
til the meeting of the Conference in
October. His meeting will come to
a close next Sunday night. The
hours for service are 10 a. m. and
8 p. m.

Misses Edith Brasher and Char-
lotte Francis and Mrs. Dr. West and
Mrs. James D. Hill went to Dawson
this morning for a few days.

VALUE OF A HEARTY LAUGH

Better Than Medicine, Declares Eng-
lish Physician, in Talking of
Outburst of Merriment.

An English physician, in search
of remedies for human ills, finds
that laughter stands very high in
the list of prophylactics. The ef-
fect of mere cheerfulness as a
health promoter is well known,
but an occasional outburst of
downright laughter is the heroic
remedy. It is a matter of every-
day experience, says our English
authority, that one feels the bet-
ter for a good laugh, an explosion
of laughter being in truth a "nerve
storm, comparable in its effect to
a thunderstorm in nature, doing
good by dissipating those oppres-
sive clouds of care which some-
times darken the mental horizon." This authority assures us that the
memorable adage, "Laugh and
grow fat," rests on a sound philo-
sophical basis. Portly people are
not given to laughter because they
are fat; they are fat because they
laugh.

CHAT OFF THE BAT.

The game was marred by an-
other display of temper on the part
of Lemon, who in the ninth inning
was so intent in his desire to hit the
ball for a homer and tie the score
that when he struck out, he lost his
head, and threw his bat with such
force toward the bench that it went
over the heads of the players and
landed among the spectators in the
grand stand, painfully injuring
George Gribbler, Emil Fry and
Albert Charles. That some one was
not killed or seriously injured by
the heavy bat is a wonder. Several
ladies had narrow escape from being
hit by the flying bat.—Vincennes
Commercial.

Brady, Jr., slept peacefully through
the most exciting parts of the game,
while his father was making that
\$11.25 home run.

MARRIED IN MORNING.

Young People Now On a Visit to Dawson.

Mr. Elmer Coats, a member of the Anderson-Fowler Drug Company, and Miss Maude Fowler, the pretty daughter of Mr. D. E. Fowler, of near the city, were united in marriage at the home of the bride's parents Tuesday morning at 10 o'clock. Rev. H. D. Smith performed the ceremony. Immediately after the marriage the young people came to the city and left for Dawson, to spend a week with relatives.

The wedding was a very quiet affair, only a limited number of relatives and closest friends of the contracting parties being present.

Both young people are quite popular with a large circle of friends. Mr. and Mrs. Coats, on their return, will go to housekeeping.

Sickening Shivering Fits

of Ague and Malaria, can be relieved and Cured with Electric Bitters. This is a pure tonic medicine; of especial benefit in malaria, for it exerts a true curative influence on the disease, driving it entirely out of the system. It is much to be preferred to Quinine, having none of this drug's bad after-effects. E. S. McElroy, of Henrietta, Tex., writes: "My brother was very low with malaria fever and jaundice, till he took Electric Bitters, which saved his life." At R. C. Hardwick's drug store; price 50c, guaranteed.

COMPANY "D,"

Will Give an Entertainment In Near Future.

One of the most attractive entertainments of the season will be given at Moayon's Hall by the local military Co. of the 3d Kentucky Infantry in the near future.

The boys are arranging the programme and will announce the exact date in a few days. The entertainment will be something new for the people and will be enjoyed by all who attend.

The proceeds will go to the Co. fund to help the boys prepare for the coming encampment, which is to be held at Paducah in August. Watch for the date.

DR. JACKSON

Enters the Race for Re-Election to Council.

In to-day's paper we announce by authority the candidacy of Dr. J. B. Jackson for re-election as Councilman from the Sixth Ward, which he has represented for the last four years.

Dr. Jackson is a leading physician and a most progressive and enterprising citizen. During the small-pox epidemic last winter he rendered faithful and effective service as Secretary of the County Board of Health and demonstrated unusual fitness for this trying position.

It goes without saying that Dr. Jackson submits his claims to the Democratic primary August 15th.

The Delineator for August.

From the standpoint of fashion the August Delineator is a most attractive number, portraying the midsummer styles in all their charming variety; and it contains, besides the fashions, many features of interest to the general reader and practical householders. The first chapters of a new serial story by Helen M. Winslow is an item of note; it is called "At Spinster Farm" and relates to the actual experience of a woman who forsook the busy city for the countryside and found there real peace and happiness. "The Lucky Piece" is continued, and there are short stories by Cyrus Townsend Brady and Lynn Roby Meekins.

A Sustaining Diet.

These are the enervating days, when, as somebody has said, men drop by the sunstroke as if the Day of Fire had dawned. They are fraught with danger to people whose systems are poorly sustained; and this leads us to say, in the interest of the less robust of our readers, that the full effect of Hood's Sarsaparilla is such as to suggest the propriety of calling this medicine something besides a blood purifier and tonic,—say, a sustaining diet. It makes it much easier to bear the heat, assures refreshing sleep, and will without any doubt avert much sickness at this time of year.

Hay Ride.

Sixty or seventy couples arranged for a grand time at Campbell's Cave last night. Four hay wagons were employed as well as a band of music. The cave had been put in fine condition for dancing and a most enjoyable time was anticipated.

Governor of Alabama Endorses Pe-ru-na.

The Magnificent State Capitol Building of Alabama.

Governor of Alabama Commends Pe-ru-na.

In a letter dated July 26, 1899, written from Montgomery, Ala., Governor Joseph J. Johnston, says: "I join Congressman Brewer in commending Peruna."—Joseph J. Johnston.

ONE of the most wonderful events in the history of medicine is the multitude of endorsements which Peruna is receiving as a catarrh cure from men of national importance.

The most distinguished men of the United States have no hesitation in lending their influence to assist in letting the public know of the merits of Peruna.

Nearly one-half the people are in some way affected by catarrh. Therefore it is almost a national curse, and it is of national import that the people should know of Peruna.

Catarrh is an American disease. Peruna is an American remedy.

Catarrh is a result of changeable climate. Peruna is a result of long and careful experimentation.

Catarrh enters the system through the nerve centers and affects the mucous membranes. Peruna enables the nerve centers to repel and expel the catarrh from the system.

Catarrh is a systemic disease and curable only by systemic treatment.

The remedy that cures catarrh must aim directly at the depressed nerve centers. This is what Peruna does.

Redeemer of Public Moneys.

Hon. John C. Leftwich, Redeemer of Public Moneys, whose office is in the Postoffice Building, in a letter written from Montgomery, Ala., says:

"I take pleasure in recommending

Peruna as an excellent tonic, and it is recommended to me by those who have used it as a good catarrh cure."—John C. Leftwich.

Register United States Land Office.

Hon. Robert Barber, Register United States Land Office, writes from Montgomery, Ala.:

"For some time I have been a sufferer from catarrh in its incipient stage, so much so that I became depressed and feared my health was generally in a decline. But hearing of Peruna as a good remedy I gave it a fair trial and began to improve. Its effects were distinctly beneficial, removing the annoying symptoms, and it was particularly good as a tonic."—Robert Barber.

Collector of Port.

Hon. J. K. Burke, Collector of Port, Mobile, Ala., writes:

"Peruna I can recommend as a fine medicine. It has been used in my family and as a tonic it is excellent. I take pleasure in testifying to its fine qualities."—J. K. Burke.

Postmaster of Mobile.

Hon. P. D. Barker, Postmaster of

Mobile, in a recent letter from Mobile, Ala., says:

"Allow me to send to you my testimonial as to the good qualities of Peruna. I have used it for the past three months and find it is a most excellent tonic."—P. D. Barker.

U. S. Marshal, Northern District.

Hon. Dan Cooper, U. S. Marshal for the Northern District of Alabama, writes:

"Your remedy for catarrh and la grippe, Peruna, has done me so much good that I cannot speak too highly of it. I have used it for a short time and have improved rapidly from the first day. I was really much surprised at such a quick and effective cure."—Dan Cooper.

U. S. Marshal, Southern District.

Hon. L. J. Bryan, U. S. Marshal for the Southern District of Alabama, writes:

"I have used Peruna for catarrh a short time and have also had several friends try it and they all pronounce it the best catarrh remedy ever put on the market. It can not be praised too highly."—L. J. Bryan.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, President of the Hartman Sanitarium, Columbus, Ohio, and he will give you the benefit of his valuable advice gratis. All correspondence strictly confidential.

HOWELL HAPPENINGS.

Newsy Notes From a South Christian Town.

Howell, Ky., July 10.—We are favored just now with many visitors.

Miss Mary Emma Sively has four visitors from Russellville and one from Lafayette. They were college friends at Logan Female College.

Mr. Elmer Bagwell and wife, of Louisville, are visiting Mr. Bagwell's father and mother, near Garrettsburg.

Miss Maude and Master Ralph Meacham, of Clarksville, are visiting the family of Dr. Haynes.

Mr. and Mrs. Howard Hancock, of Lebanon, Tenn., will return home this week, after a visit to Mrs. Hancock's mother, Mrs. L. G. Giles.

Miss Wigal, of Louisville, will return home this week, after spending several days with Miss Edith Allen, near Garrettsburg.

Mr. Edgar Nuckols, of Louisville, is spending his vacation at home with his father and mother.

Mr. White is spending his vacation among his relatives here and at Herndon.

Mrs. M. E. Giles is confined to her room, suffering with rheumatism.

Miss Jessie Embry returned home Saturday, after a pleasant visit to relatives in Louisville.

A Grim Tragedy

is daily enacted, in thousands of homes, as death claims, in each one, another victim of Consumption or Pneumonia. But when Coughs and Colds are properly treated, the tragedy is averted. F. G. Huntley, of Oakland, Ind., writes: "My wife had the consumption, and three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, Coughs and Colds, which cured her, and to-day she is well and strong." It kills the germs of all diseases. One dose relieves. Guaranteed at 50c and \$1.00 by R. C. Hardwick, druggist. Trial bottle free.

Howe-Stolz.

License was issued yesterday morning to Cecil J. Howe and Miss Alice L. E. Stolz, who were married last night.

KENNEDY LETTER.

Bunch of Newsy Items From Near State Line.

Kennedy, Ky., July 10.—Little Miss Maybell Hill celebrated her 10th birthday on the 9th inst., by giving an entertainment to her little friends, Misses Sarah Rollow, Anna Hopson, Sammie and Louise Hill, of Gracey; Lillian McKenzie, Anna D. and Mary and Kathleen Garrott and Elizabeth Garrott, Ruth Johnson, Louise McKenzie, Ora Summerhill and Ruth Kenyham. The refreshments consisted of ices, cake and salad. The little girls had a nice time and enjoyed themselves very much. When they bade the little hostess good-bye they expressed themselves as having had a delightful time.

Miss Celia Shyer, of Nashville, is visiting Miss Mary Davis.

Miss Rosa Lee Green returned to her home last Thursday, after spending several days with Miss Maytie Barker.

Mrs. Lamar Monarch went to St. Louis to-day to visit friends.

Miss Alice Bailey, of Clarksville, is the guest of Miss Maytie Barker.

Miss Susie Ferguson, of Peachers Mill, is visiting Miss Virginia Barker.

Misses Jessye Stevenson and Katye Moss, of Bennettsburg, are the guests of Miss Mayrelee Pattillo.

Misses Sammie and Louise Hill, of Gracey, are visiting their cousin, Miss Mabel Hill.

Misses Nellie and Louise Baynham are visiting their grandmother, Mrs. M. A. Meacham, at Gracey.

Hart Caldwell came out from Clarksville and spent Sunday with Bob Howell at "Lookin Bay."

Mr. George Rollow and family, of Wynnewood, I. T., are visiting his brother, Dr. J. S. Rollow.

Esq. John Rollow, of Tennessee, is visiting his son, Dr. S. J. Rollow.

Tom Davie, one of the Rural Route carriers, visited his best girl Sunday.

The farmers are very blue about their wheat. Some few have already threshed. Mr. Chas. Barker is delivering to-day. He has threshed

out about 4,000 bushels, about two-thirds of his crop. He is shipping it to Nashville to the Liberty Mills.

The rain Sunday prevented Tom Barker from going to see his best girl. Tom is not in a very good humor to-day.

Mrs. John Webb was in town, shopping, to-day. ANON.

Greatly in Demand.

Nothing is more in demand than a medicine which meets modern requirements for a blood and system cleanser, such as Dr. King's New Life Pills. They are just what you need to cure stomach and liver troubles. Try them. At R. C. Hardwick's drug store, 25c., guaranteed.

Underwood Returns.

Glasgow, Ky., July 10.—T. D. Underwood former County Attorney, who disappeared some time ago and who is wanted here to answer charges in connection with certain liquor law violations, returned to-day and is with relatives in the country. He notified the authorities here that he would surrender at once.

READ THIS!

Trenton, Ky., Jan. 24, 1892.—Dr. E. W. Hall, St. Louis, Mo., Dear Sir: Please find enclosed \$1.00 for one bottle of your Texas Wonder. I used one bottle for kidney and bladder trouble. I want this bottle for my wife. It is a real wonder and one of the greatest medicines in the world. I was passing pure blood and one bottle cured me sound and well. You can use my testimonial and photograph if you wish.

Yours truly,
R. A. WILLIAMS,
Real Estate Agent.

A Texas Wonder.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in men and women and regulates bladder troubles in children. If not sold by your druggist will be sent by mail on receipt of \$1.00. One small bottle is two months treatment and seldom fails to perfect a cure. Dr. E. W. Hall, sole manufacturer, P. O. Box 629, St. Louis, Mo. Send for testimonial. Sold by all druggists and R. C. Hardwick, Hopkinsville.

State College of Kentucky, Lexington, Ky.

The Agricultural and Mechanical (State College) of Kentucky offers the following courses of study, viz: Agricultural, Horticultural, Chemical, Biological, Mathematical, Physical, Normal School, Classical, Mechanical Engineering, Electrical Engineering, Civil Engineering, and Mining Engineering, each of which extends over four years and leads to a degree. Post graduate studies are also provided, leading to a master's degree. Each course of study is organized under a separate faculty. The general faculty number nearly fifty professors and instructors.

County appointees receive free tuition, room rent in the dormitories, fuel and light, and if they remain ten months, traveling expenses.

The laboratories and museums are large, well equipped, comprehensive and modern.

The Legislature appropriated \$60,000 for a college home for young women and \$30,000 for drill hall and gymnasium for men. Both buildings are completed and in use. Military tactics and science are fully provided for as required by Congress.

Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the College to supply.

Specialists with the necessary number of assistants have charge of each department of natural science. Summer schools are provided for pedagogy, engineering, instruction in science and in arts.

The State College of Kentucky, though bearing hitherto the title of "college," is the only institution in the Commonwealth doing, in any proper sense, university work.

The completion of the College home for young women provides facilities for good board and lodging. It is equipped with all modern conveniences, including bath rooms and room for physical culture. It is heated by steam and lighted by electricity.

An opportunity is thus afforded to young women of obtaining a thorough education in classics, modern language, literature, science, mathematics, logic, metaphysics, history, and political economy.

No other institution in the State offers advantages for education of women at all comparable to those offered by the State College of Kentucky.

For catalogues, method of obtaining appointments, information regarding courses of study, and terms of admission, apply to

OUR PRODUCTION OF GOLD

Enormous Increase in This Line Has
Caused Comment All Over
the World.

The enormous increase in the production of gold with the consequent accumulation of the stocks of coin and bullion has attracted rather less attention in recent years than its importance would appear to demand, says the Louisville Courier-Journal. Nevertheless the subject is not wholly neglected, and the estimates of production and accumulation that are put out from time to time are more and more the subject of comment. There is a great discrepancy between the statement of gold production and of the stocks of gold coin in the principal countries of the world. Much of the gold produced is used in the arts, and of that coined much is lost or reduced to attrition, so the amount of production during centuries greatly exceeds the stocks of coin existing in the world. The amount of gold in Europe in 1492, the date of the discovery of America, is believed not to have exceeded \$225,000,000 in value. From that time to the close of 1896, according to a report of the director of the mint, the world's production amounted to \$8,983,320,600. But the same authority estimates the stocks of gold money in the world at that time was \$4,359,600,000.

For the first 25 years after the discovery of America the annual production of gold was less than \$4,000,000. In the next quarter of a century it was in round numbers \$4,750,000. By the middle of the eighteenth century it had risen to over \$16,000,000 a year. From 1801 to 1810 the average annual production was nearly \$12,000,000. For the two decades next succeeding there was a great falling off. From 1831 to 1840, the last complete decade before the discovery of gold in California, the annual production averaged \$13,484,000. In the next decade it was \$36,393,000, but it was late in the decade before the discovery of the California mines. From 1851 to 1855 the annual production showed an average of \$132,513,000 and for the next period of five years of \$134,083,000. From 1861 to 1891 there was a falling off from these figures, but since the last named year there has been a steady increase. In 1896 the annual production for the first time exceeded \$200,000,000, being estimated at a trifle less than \$203,000,000. In 1903 it was \$325,000,000 in round numbers and last year the estimate is approximately \$350,000,000. The expectation that it will reach \$400,000,000 in 1905 does not seem unreasonable. In the present century the production for four years has been approximately \$1,200,000,000, and the present year is expected to raise it to \$1,600,000,000.

The world's stock of gold coin, including bullion in national treasuries which performs the functions of coin, was estimated in 1873 to be \$1,209,800,000, in 1897, \$4,359,600,000. By the end of the present year the total is estimated at little short of \$6,000,000,000, an increase of nearly 50 per cent. in nine years.

In Thibet.

Here is a description of a country scene in Thibet, taken from Col. L. A. Waddell's note book, "Thassa and Its Mysteries."

"From every hamlet the cottagers had swarmed out into their fields, and were busily plowing and sowing in the glorious sunshine, forming pleasing bits of bright color. The men were plowing with oxen gaily bedecked with plumes of wool dyed glowing scarlet and blue, with long throat tassels of dyed yak's tails and harness of jingling bells, while close behind the plowers came the gayly dressed women as the sowers, scattering broadcast the seeds from their baskets."

Answered by Suggestion.

"Do you really think I begin to show my years, Ella?"

"Do you want me to answer frankly?"

"Why, yes, of course."

"Then let us change the subject."—Cleveland Plain Dealer.

Not There Yet.

Claude—Don't you think my mustache is becoming?

Maudie—Well, it may be coming, but it hasn't got there yet.—N. Y. Times.

FOUL BREATH

Foul breath is caused by foul stomach, attended with torpid liver, bitter or bad taste, furred tongue, loss of, or irregular appetite, laxity or full bloated feeling in stomach, water brash, or sour eructations of gas, sick or bilious headaches, disposition to despondency, or "the blues," irritable temper or peevishness and kindred symptoms. Not all of these symptoms are present in every case.

To tone up and invigorate both stomach and liver and start the digestive processes into healthy action, there is, to say the least, no superior agent to Dr. Pierce's Golden Medical Discovery. It is prepared without the use of a particle of alcohol, from the active medicinal principles extracted from the roots of native American plants, and is an honestly made, safe medicine that any one may take without fear of forming an appetite for stimulants. Its benefits and cures are lasting and not simply the temporary exhilaration sometimes experienced from strong alcoholic preparations.

No man is stronger than his stomach, therefore, when the stomach is weak it should be promptly toned up and put in order to the end that it may properly digest and prepare for proper assimilation the food which otherwise can not strengthen the body. You cannot find a medicine that will do this more promptly and permanently than "Golden Medical Discovery."

A whole train of bodily ailments result when the stomach becomes foul, torpid and weak, and, naturally enough, when the stomach trouble is cured they, being dependent thereon, disappear; hence it is that rheumatism, blotches, pimples, eruptions, scrofulous sores, kidney affections and various and diverse appearing maladies yield to the potent tonic and alterative properties of the "Golden Medical Discovery." Bear in mind that the "Discovery" is an active, potent medicine and not a beverage to be taken for its exhilarating effects. It is made to cure disease, not to appease a craving for stimulants.

Don't be wheedled or over-persuaded into taking something else which may be said to be "just as good." Take only "Golden Medical Discovery" which has more than a third of a century's record embracing many thousands of well-attested cures. As it has cured thousands

it is likely to cure you, if you give it fair trial for any of the maladies for which we recommend it.

After Physicians Fail "Discovery" Cures.

Dr. R. V. Pierce, Buffalo, N. Y.

Dear Sir—About two years ago I had an attack of grippe which left me in a very weakened condition. My stomach was in bad shape; could not eat a meal without being greatly distressed, and the taking of food was frequently followed by vomiting or looseness of bowels. Had headache and catarrhal trouble. Had a physician but he did nothing for me. After I had been suffering like this for some time, a man who had used Dr. Pierce's Golden Medical Discovery, told me about the medicine and I procured a bottle of it. I felt a slight improvement by the time I had used the first bottle, so continued the use of the "Discovery" for several weeks until I was myself again. It is an excellent preparation and I am glad to tell how good it is.

Malaria and Liver Trouble Cured.

Dr. R. V. Pierce, Buffalo, N. Y.

Dear Sir—I was a victim of malaria so common in the South and also had liver trouble. Doctored for some time but my condition continued to grow worse and I began a despair of recovery. Finally Dr. Pierce's Golden Medical Discovery was recommended and I am happy to say that a course of treatment with this remedy was most successful. I soon began to improve, appetite returned, my complexion became clear and bright. I regained my good spirits and was soon restored to health. I cannot say enough in favor of your medicine. Yours truly,

MISS LUCILE DEVAL,
2035 St. Charles Ave., New Orleans, La.

Dr. Pierce's

Good temper is largely a matter of good health, and good health is largely a matter of healthy activity of the bowels. Dr. Pierce's Pleasant Pellets cure constipation. They are safe, sure and speedy, and once taken do not have to be taken always. One little "Pellet" is a gentle laxative, and two a mild cathartic. They never gripe. By all druggists.

CIVILITIES AT THE FRONT.

On Christmas Day Japanese and Russians Agree to Suspend Fight That All May Feast.

A Japanese officer serving on the Shabo has a strange and interesting story to tell of intercourse and civilities between the two armies.

The Japanese being desirous of conveying to the Russians news of the fall of Port Arthur, volunteers were invited to carry the letters. Two non-commissioned officers and two privates undertook the task. They rode out toward the enemy's lines with the intention of delivering the letters directly into the hands of the Russians, instead of depositing them at some midway point, as had been the custom hitherto. There was, however, great danger that this new method might be fatal to the little party.

But they rode off stoutly to within a thousand meters of the enemy's outpost, waving white handkerchiefs. The Russians did not fire, and the Japanese went steadily on. When they were only about 30 or 40 yards away, a party of Russians lay down in firing positions, but still the sergeants and soldiers rode on, energetically waving their white flags. Presently the Russians motioned them to lay down their arms, thinking they had come to surrender. The Japanese, however, regardless of risk, pushed on to within hand-shaking distance. Then the Russians saw that they carried several bottles of wine and boxes of cigars. On the latter was inscribed in big letters: "Tomorrow will be your Christmas day. We shall not attack if you do not. Drink and smoke to your heart's content and have a good time."

At first the Russians did not wish to accept the presents, but when they read the hearty sentences written on the boxes in their own language, they were much overcome, and there ensued an exchange of the friendliest greetings.

Then the visitors handed in their letters and spoke of the fall of Port Arthur, the news of which was received with profound discouragement. "There is no further object in the war," said the Russian soldiers. Eager questions were asked about Gen. Stoessel, and the men were much interested to hear he shortly would be on his way home. The Japanese then presented the Russians with some pictorial post cards showing how well Russian prisoners were treated in Japan.

Finally the four men rode away in safety with the rousing cheers of the grateful enemy ringing in their ears.

THE BOOTMAKER IN CHINA

Common People Very Rarely Wear This Sort of Footwear—Customs in the North.

Boots are only worn in China by officials, servants, soldiers, sailors, and special hob-nailed boots, occasionally in wet weather, by the common people. The universal form of foot-covering is a shoe, while coolies and the poorest classes have to content themselves with straw or leather sandals, or go barefoot. Women's shoes are made at home and, except in isolated cases in Shanghai, are never exposed for sale in shops. This remark does not apply to the peculiar form of shoe worn by Manchu women, which is perched on a sort of small stilt. In the north, during the winter months, the ordinary boot or shoe is often wadded or lined with sheepskin, and of late years reproductions of Chinese boots and shoes in India rubber have been imported from the United States and Germany, and found favor with Chinese at the treaty ports.

Woman's Progress in Roumania.

The post of official shorthand writer in the Roumanian parliament has for the first time been won by a woman. It was a competitive appointment and the lady applicant beat all her male rivals. Since the new government took up the reins women have made great strides in Roumania in the matter of competing with men. A short time ago the finance minister had no fewer than 15 women employed as secretaries in the central offices. There is a great outcry against the minister's manifest partiality for women clerks in his department.

Everybody's Magazine.

Copper and Beef acquire a new and still more startling meaning in the July Everybody's. A good many unpleasant things have already been made known about these two sovereigns of commerce. But the greater part of their story has so far been untold, and a generous slice of it—a pithy, dramatic, historically significant slice—has been inserted, for the benefit of a continent of vitally concerned readers, in this single number of a single magazine. The infamous launching of "Amalgamated"; the conspiracy to rob the public of hundreds of millions; the treachery of the conspirators themselves toward their nearest victim, Mr. Lawson; and the latter's heroic determination to atone, alone, for the crimes of his associates—these are some of the events embodied, this month, in this thrilling personal narrative of his. It is safe to say that the story of the intellectual and moral duel between Mr. Lawson and Mr. Rogers, when "Amalgamated" was a day old, is one that will sink pretty deeply and permanently into the popular consciousness. So far as human interest goes, not many novelists have approached it. But then, this isn't a make-believe story. This is the truth. It costs much less to get beef ready for the retail market than it did five years ago, yet every householder knows that he pays more for it. Mr. Russell, in his Beef Trust history, points this out, with a dozen other amazing commercial paradoxes. When you have read his article, you will begin to see by what means the Beef Trust has acquired its comprehensive and immoral power—which is precisely what you haven't known before. A more agreeable matter to consider is the great university machine for the manufacture of athletics. Director Anderson, of Yale, explains that the college athlete is not a matter of chance; tells by what rigid process he is made; and assures him, for the benefit of anxious mothers, a long life. There are plenty of photographs to prove these points.

Seven remarkable short stories by able writers raise the fiction average of this number of Everybody's far above that of any previous issue.

GEO. THOMPSON,

The Carpet Layer, Dies Rather Suddenly.

George Thompson, the one-armed carpet layer, died yesterday morning. He had been in bad health for some time and his death was not unexpected. George was, perhaps, the best known negro in the city, from the fact that he has been laying carpets since boyhood as a means of earning a living. He lost one of his arms when a boy, but was an expert at his business. He was about 30 years old and leaves a family.

Hopkinsville ceased to be the last team in the League in an interesting game played with Henderson Tuesday afternoon. The rain had ceased and the weather was all that could be desired. The diamond was in good condition and the crowd was large and appreciative. A number of Henderson people were present and both sides had a share of "rooting."

Simpson and Rutledge for Hopkinsville and Asher and Clegg for Henderson were the batteriers.

French, the first man up for Henderson, singled, Stewart sacrificed, Ohe followed with a two-bagger. Crowder singled and Ohe popped out and Dennie reached first base. Every man up had hit the ball and French had already crossed the plate. Mullen came to bat with Crowder and Dennie still on bases and sent a two-bagger to left field that scored both of them. Morgan came next and struck out, retiring the side.

On the side of the locals, Barlow walked, McAndrews sacrificed and Barlow stole third, and Morris' single brought him in. Myers and Brady hunted the clouds and the side went out.

In the second inning Clegg started the ball with a single, Asher popped, French reached 1st but Clegg was put out. Stewart and Ohe were both hit by pitched balls and the bases were full. Crowder knocked a pop-up and there was nothing doing.

The Browns had only 4 men up, Henderson went out at first; Harris, the new man, fanned; Rutledge singled and Simpson struck out.

In the third inning Simpson settle down and the Hens had more trouble finding him. Dennie, a reliable hitter, again singled and Mullen went out at 1st Morgan once more struck out, but Clegg got his base. Asher's fly saved further trouble.

The Browns came up full of ginger. Barlow failed to connect with his base but McAndrews made a nice hit and Morris sent a beautiful double to the center-field fence. Myers repeated Foxy's performance and the bases were cleared. Brady fanned and Henderson failed to get Myers off 2nd base. The 2 runs tied the score.

The next inning it was three up and three down on each side. In the 5th Henderson had up five men and Asher and French both made hits, but two pop-ups and a strike out prevented a score.

Morris, who made four hits out of four times up, doubled beautifully this time but Barlow, McAndrews and Myers all went out at 1st.

The 6th was no better for Henderson. Ohe was put out. Crowder, one of the best batters, fanned and Dennie, who made three hits in all, failed to reach his base this time.

The Browns failed to score. Brady popped out, Henderson knocked a two-bagger, but Harris again struck out and Rutledge almost reached 1st on a single, but the side went out.

In the 7th it was three up and three down once more.

Henderson put forth a strong effort in the 8th. Mullen sent his second two-bagger away down in center-field, but Morgan's fly and Clegg's pop left but one more chance. Asher singled and French, who had been up four times and had four hits to his credit, came up smiling and confident. Mullen, a reindeer runner, was on third base and

any kind of a hit would break the tie, but French died on the way to number one and it was all over with the visitors.

The Browns were there with all sorts of goods. Morris made his fourth hit, a single, and Myers sacrificed but went to first on fielder's choice. Then it came Brady's fourth turn at the bat. He had failed to find Asher so far, but his wife and baby were in the grandstand and it was up to him to distinguish himself. And he did not disappoint. He knocked a double that scored Myers and won the game. Henderson failed to help Brady reach home and Desmond, who had been put in to relieve Harris, flew out.

The 9th was interesting and exciting, but availed nothing for Henderson. Stewart struck out, Ohe reached first on Myers' error, Crowder got a second-sacker and Dennie's single filled the bases. Mullen came up with two doubles already to his credit and it looked scary. He missed the first two strikes but knocked the ball into Simpson's hand the third attempt and was put out, retiring the side. Hopkinsville let it go at that—4 to 3.

DOUBLE HEADER.

More Trouble for the Tail-Enders on the Slide.

None of the teams played Monday, on account of general rains everywhere. At Paducah Tuesday Princeton shut the leaders out by 1 to 0. Beeker pitched for Princeton and Brahic for Paducah. Brahic allowed 4 hits and Beeker 5 and each side made 3 errors.

At Cairo a double header was played and Vincennes defeated twice by 4 to 2 and 5 to 2. Bittroff and Harvey and Bonno and Lemon and Lane and Harvey and Boyne and Lemon were the batteries, Cairo made 16 hits and 5 errors and Vincennes 11 hits and 5 errors in the two games.

Another double header was played at Cairo yesterday.

The second game was one of the best ever seen on the diamond and was won by Hopkinsville 5 to 4. In the last half of the 9th inning with the score 4 to 3 in favor of Henderson, with 2 men out and two men on base, Brady knocked a home run over center-field fence, winning the game. The fans raised a hatful of money for him and rode him out of the park on their shoulders. Perdue and Kubitz pitched.

The first game of the double header was called at 2:30 and won by Hopkinsville by 7 to 3. Bomar and Schan and Morgan and Clegg were the batteries. Desmond's home run in the second inning with two men on bases and hits bunched in the 8th by McAndrews, Morris, Brady, Henderson and Desmond won the game. Henderson made two scores in the 1st and one in the 9th. Hopkinsville 11 hits and 4 errors, Henderson 6 hits and 3 errors.

Bomar.

This is a picture of Charlie Bomar, the Hopkinsville pitcher, who won the record game of 21 innings at Princeton last month, allowing only 7 hits with nearly 70 men up. Bomar is a lusty young fellow from Wart-race, Tenn., who began professional ball at Huntsville, Ala., in 1902 and has been three years with Hopkinsville. He is one of the best batting pitchers in the K. I. T. League, having on average of 240 last season. He pitched one of yesterday's games.

Mullen has improved wonderfully as a hitter since he was here before.

The game meant much to Hopkinsville, as it dropped Henderson into the Tailend position and moved the Browns up to fifth place.
